### **ERNOS TP03-UEMT Letter of Recommendation**

To whom it may concern,

Kernkraftwerk Gösgen-Däniken AG hereby issues this Letter of Recommendation to ENEQ CONSULT Ltd., Tsarnook str. 5, Sofia, 1421 Bulgaria, for the good performance of the concluded contract № 2019/20763 of 13.02.2019 with the subject:

«Delivery of five (5) Leak Isolation Valves: P96567-015 manufactured by the Joint-Stock Company (JCS) Corporation "SPLAV", incl. EU-Type examination Certificate»

The certification services provided by ENEQ CONSULT Ltd. included five stages, from conducting sampling at the site of the valve manufacturer for material recertification according to EN 10204, to obtaining a certificate according to the European Directive 2014/68/EU (Module B and Module F). The certification was made in accordance with European standards and the subsequent delivery was performed in a high-quality manner, in compliance with all necessary regulatory requirements, terms and conditions of the contract with ENEQ CONSULT Ltd.

The achieved results of the joint work reflect the professional experience of the company and its employees and allow us to highly appreciate their work and recommend ENEQ CONSULT Ltd. as a reliable partner in projects supplying equipment.

We recommend the company ENEQ CONSULT Ltd. as a supplier, being able to efficiently meeting contractual obligations and delivering safety classed equipment on time and with the right quality and documentation.

Yours sincerely

KERNKRAFTWERK GÖSGEN-DÄNIKEN AG
